

:30 IMRT #1

The Cancer Treatment Center of Clinch Valley Medical Center has cancer care so advanced that it's offered by only a few cancer centers in the world. Some people think that's very important.

But to most of us, what's important is that more cancers can now be cured. That more people are sent home healthy. And isn't that what really matters?

Clinch Valley Medical Center. World class cancer care, right here in Richlands.
